OUTLINE

Unlike any other CIO/CTO, Tony has 30 years of **combined technical and commercial experience** in global businesses, and is immediately available for permanent or contract work.

He is a highly skilled and motivated individual with a proven track record of helping companies develop effective technology strategies to **achieve meaningful results in their business**.

With a strong technical background and a passion for creating and implementing innovative solutions, he has a proven ability to **lead and motivate** teams to achieve results.

He is a strategic thinker with the ability to identify and capitalise on opportunities. He has a history of **exceeding expectations**, creating high-quality solutions, showing commitment to his people, and delivering business benefit.

Both a leader and a team player, he builds and maintains powerful relationships. He is an **excellent communicator** articulating complex issues simply. He is not afraid to challenge the status quo and comes up with creative solutions to problems.

Experience includes: IT M&A, IT Integration, Digital/Technology Strategy, CIO Advisory, IT Operating Model, IT Cost Reduction, IT Strategic Sourcing, Operational Due Diligence, Company Integration (Merger) and Separation (Carve-out) Projects, IT Complexity Reduction, Platforms/Infrastructure Consolidation.
